## PLATINUM FINISH

Platinum Finish is a product of Advanced Protection Products International, Inc.

This brochure should not be solely relied upon when purchasing coverage. Please refer to the Platinum Finish Program agreement for specific coverage details. Changes may have been made to the Platinum Finish Program since the printing of this brochure. All transactions related to the Platinum Finish Program are governed solely by the provisions of the program agreement.

# Platinum Finish

Auto Paint Coating Protectant

**Platinum Finish offers a 5 year guarantee with a one-time application. The Platinum Finish product has been protecting some of the world's most recognizable military and corporate assets for years. Now its availability to the private markets allows owners the ability to protect their investments with the best product available on the market – bar none.**

### Platinum Finish Protection Benefits:

**Protect the Paint** - Platinum Finish will protect your paint from: Harmful Ultra Rays (UVB), acid rain, water spots, pollution, industrial fallout, bird droppings, insect etchings, road tar, tree pitch and other corrosive elements your vehicle encounters.

**Protect the Graphics** - Platinum Finish protects graphics, decals and adhesives from harmful UVB rays that deteriorate over time without proper protection. Protect the beauty of your investment for years with one application of Platinum Finish.

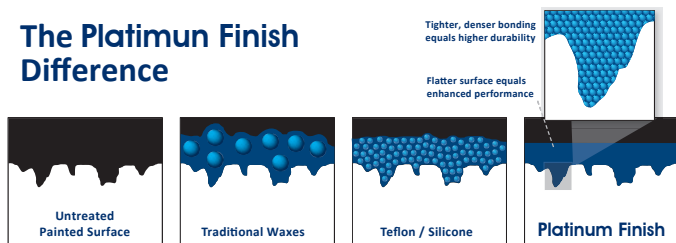

**Protect the Fabrics** - Platinum Finish also offers fabric, leather and vinyl protection for the inside of your vehicle as well as the exterior awning. Platinum Finish treated fabrics will be protected from harmful UVB rays, repel dirt, prevent stains, and shed spills making cleanups much less damaging and easy to manage.

By enhancing and preserving the appearance of their vehicle Platinum Finish products provide owners with lasting satisfaction and higher resale value. The single application system ensures no gaps in protection and the enduring shine gets noticed. Platinum Finish formulas are environmentally friendly and are safe to handle and apply in enclosed facilities.

### Platinum Finish Commitment to Our Customers:

Preserving asset values by protecting the surfaces of those assets with our superior paint protective sealant.

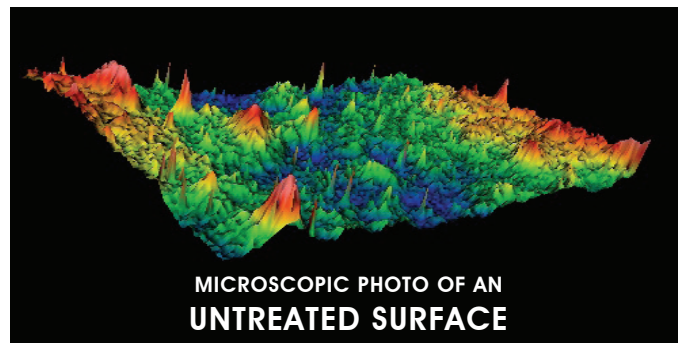

### The Platinum Finish Difference

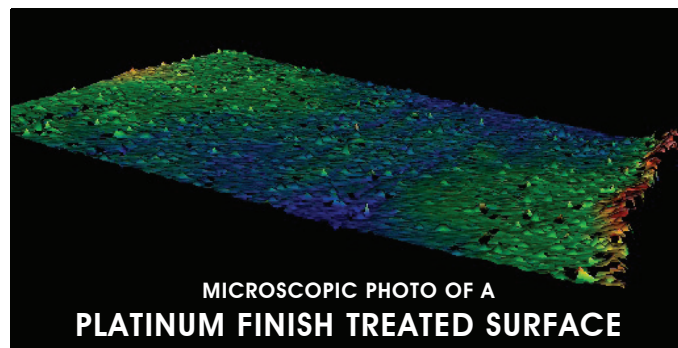

## Platinum Finish Products WILL:

<b>IMPROVE</b> the appearance and durability of your vehicle's surfaces	<b>PROTECT</b> your investment	<b>REDUCE</b> debris build-up on the surfaces of your vehicle	<b>OPTIMIZE</b> your carbon footprint
--	-----------------------------------	--	--

## Platinum Finish Surface Testing and Analysis Results

This actual 3D picture shows the microscopic roughness of a painted surface that has not been coated with Platinum Finish. This surface measured at 170nm.

One coat of Platinum Finish SHOWS THE DIFFERENCE. After just one coat of Platinum Finish, the surface roughness measurement was reduced to 110nm.

## Superior Surface Protection

Road grime, insects, and UV rays are no problem when your vehicle is protected with Platinum Finish. Spend less time taking care of it and more time enjoying it.

- **Reduce** time spent cleaning and maintaining.
- **Protect** the value and appearance.
- **Extend** your enjoyment time.
